

EGX-400/600

Bench Top Engraver

QUICK REFERENCE

Price: £7,499 / £9,499 + VAT

What's in the box:

- Operation panel
- Operation-panel connector cable
- Power cord
- Depth regulator nose unit
- Solid collet
- Solid collet for diamond scrapers
- Clamps
- Tools
- Roland Software Package CD-ROM
- User's Manual

Features and Benefits:

- Digital servo motors delivering fast and accurate engraving
- Powerful spindle motor for professional results in brass and aluminium
- Open design capable of engraving longer materials

Return on Investment:

• Just 5 hours work per month could pay the typical monthly finance and cost of materials and still earn you over £300 profit.

With good profit margins, most PRO series engravers will earn between £100 and £250 per hour, depending on the application.

Create anything: from brass plates to control panels, batch production laminate signs to house nameplates, from vandal-resistant signage to industrial labels and edge-lit acrylic signs... the possibilities are endless.

Applications best suited for:

- Company plaques
- House name plates
- Control panels
- Production labels
- Foil blocking dies
- V-carve signage
