

ENGRAVING MATERIALS

A COLOUR SWATCH IS PRINTED ON PAGES 30 & 31 OF THIS CATALOGUE.
LAMINATE SAMPLES ARE AVAILABLE ON REQUEST

FLEXIBLE LAMINATES

A varied range of laminates which are heat bendable and impact resistant. They can be sheared, sawn and drilled easily. Sheet size is 4' x 2' 122cm x 61cm and cut pieces are available on request - see pages 26. Sheets can be hot foiled, bonded or silk screened. All flexible laminates are available in a thickness of 1½mm (2-ply) with a limited range of Classics available in 3mm (3-ply).

Classic / Satin - A traditional durable laminate in a variety of colours, with a satin finish. Ideal for interior signs, labels and control panels.

Gloss Exterior - A gloss engraving laminate with good weatherability and a tough exterior surface. A 1½mm 2-ply laminate, engravable on polished side.

AlFresco - An economical UPVC engraving laminate with good weatherability. Ideal for the oil & gas industry and subsea labels. A 1½mm & 3mm 3-ply laminate, engravable on both sides, one side polished, the other side satin.

Heritage - A micro surfaced non-glare finish in traditional colours for internal use. Ideal for badges, and fine detail engraving.

ARM-R-CLAD - P358 & P359 metallics with a lacquer coating making the surface scratch resistant. ARM-R-CLAD must only be cut with a saw and not with a shear.

Laser Pro - A 1.5mm laser laminate range with metallics suitable for interior use and the standard colours are UV stable for both interior & exterior use.

AlFresco - Black/photoluminescent/white 1.05 thick, sheet size 61cm x 120cm.

The photoluminescent material has a "glow in the dark" core which incorporates specialist non-toxic, non-radioactive luminous pigments that absorb ambient light, releasing it slowly when the light source is removed. Which allows the material to glow for approximately 16 hours after a 5 minute exposure to a 1000 lux light source.

MATERIAL (SHEET SIZE 24"X48" 61cm x 122cm)	1 SHEET	2-4	5-9	10-19	20+
Traditional Classics 1.5mm (satin)	£32.00	£27.00	£25.00	£24.00	£21.00
